

BODIES

KNAPHEIDE

CABS

We Started in 1848

To build the best wagon it was possible to build and because of the reputation established on our wagon we have been asked by many to build their truck bodies until this volume has grown to such large proportions we have been forced to equip our plant to handle it.

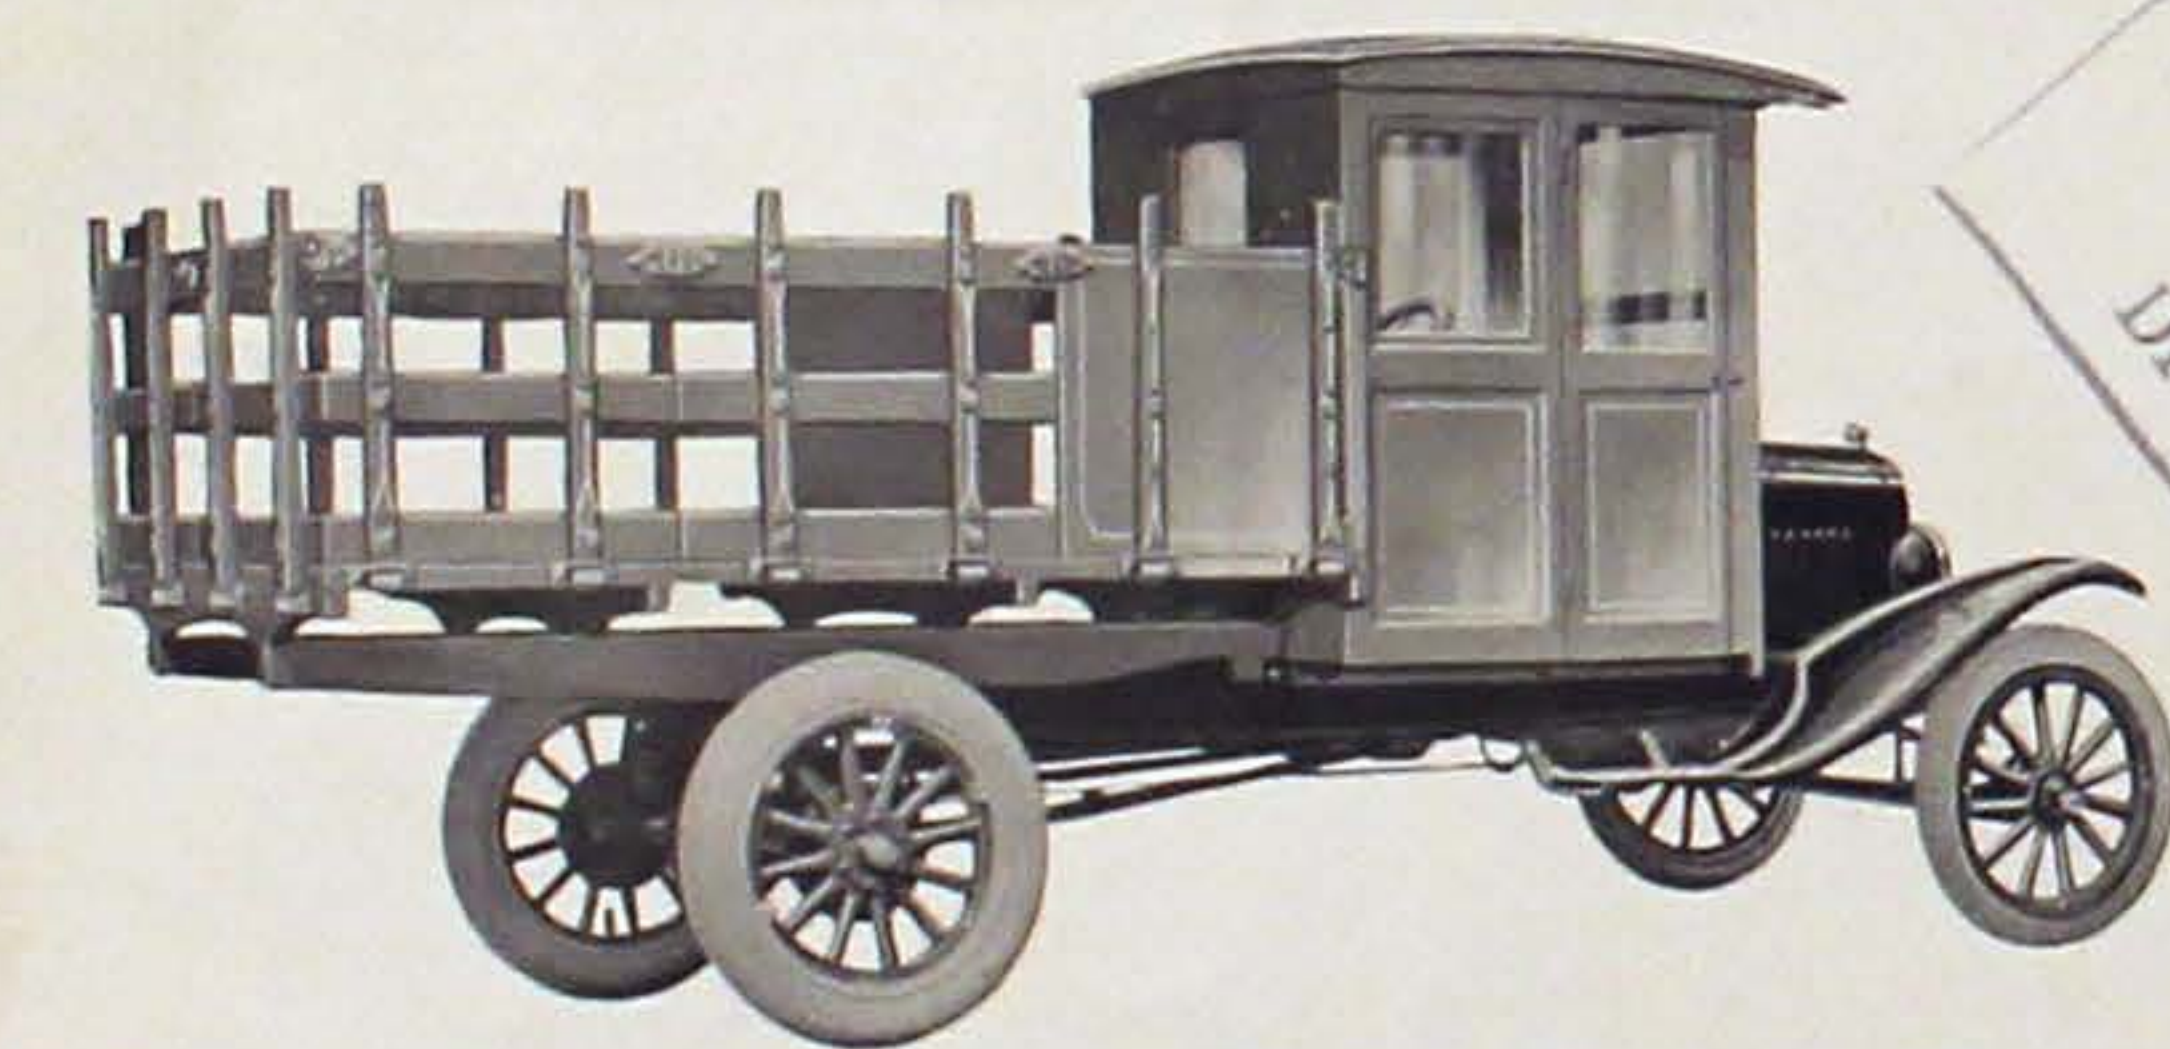

We are now in position to furnish you with cabs and bodies which will greatly add to the prestige of your trucks. We will continue to manufacture our high grade line of wagons as the body business will in no way interfere with these operations.

MODEL 10--Grain Body With Model 30 Cab

ALL OAK SILLS; 1 1/4 in. THICK EDGE GRAIN FIR FLOOR. Bottom Boards grooved and steel strips set in grooves making bottom grain tight and strong. Kant-lose Patent Rear Lower endgate; Knapheide Double-joint endgate rods. Four Top-box fasteners on sides; Anti-spread Chains No. 18 Guage Angle Steel Grain Cleats.

60 in. wide inside by 89 in. long inside by 28 in. deep inside.

MODEL 20--Stake Body With Model 30 Cab

ALL OAK SILLS AND FLOORING, 3 1/2 in. Hickory Stakes set in heavy malleable pockets securely bolted to bottom frame. Three slats on stakes. Side stakes in three sections, rear two sections with heavy pressed steel rack connections, 60 inches wide inside by 93 inches long inside.

THE EVIDENCE OF QUALITY WILL CONVINCe the most exacting buyers that Knapheide Bodies and Cabs are the ones most certain to meet their requirements and that they will stand the gaff of honest service without weakening.

Our customers tell us that trucks which have faithfully performed for their owners for years have a better trade-in value when equipped with our bodies because of their excellent condition after all this service. In fact many remove their bodies to place on new trucks time and again.

Model 30---Two-Door Closed Cab With Solid Back

12 in. square framed sliding window in back, No. 18 Gauge Steel Panels. Doors set on bevel and large double strength glass giving driver much better vision. Adjustable Windshield. Solid ceiling with heavy waterproofed top covering. 12 in. padded back rest. Our cushions are deeper and have more springs. This cab is roomier and most comfortable. Illustration shows door open so as to show interior of cab. Can furnish this without doors, which gives you an excellent open cab; and is shown on our price list as Model 35.

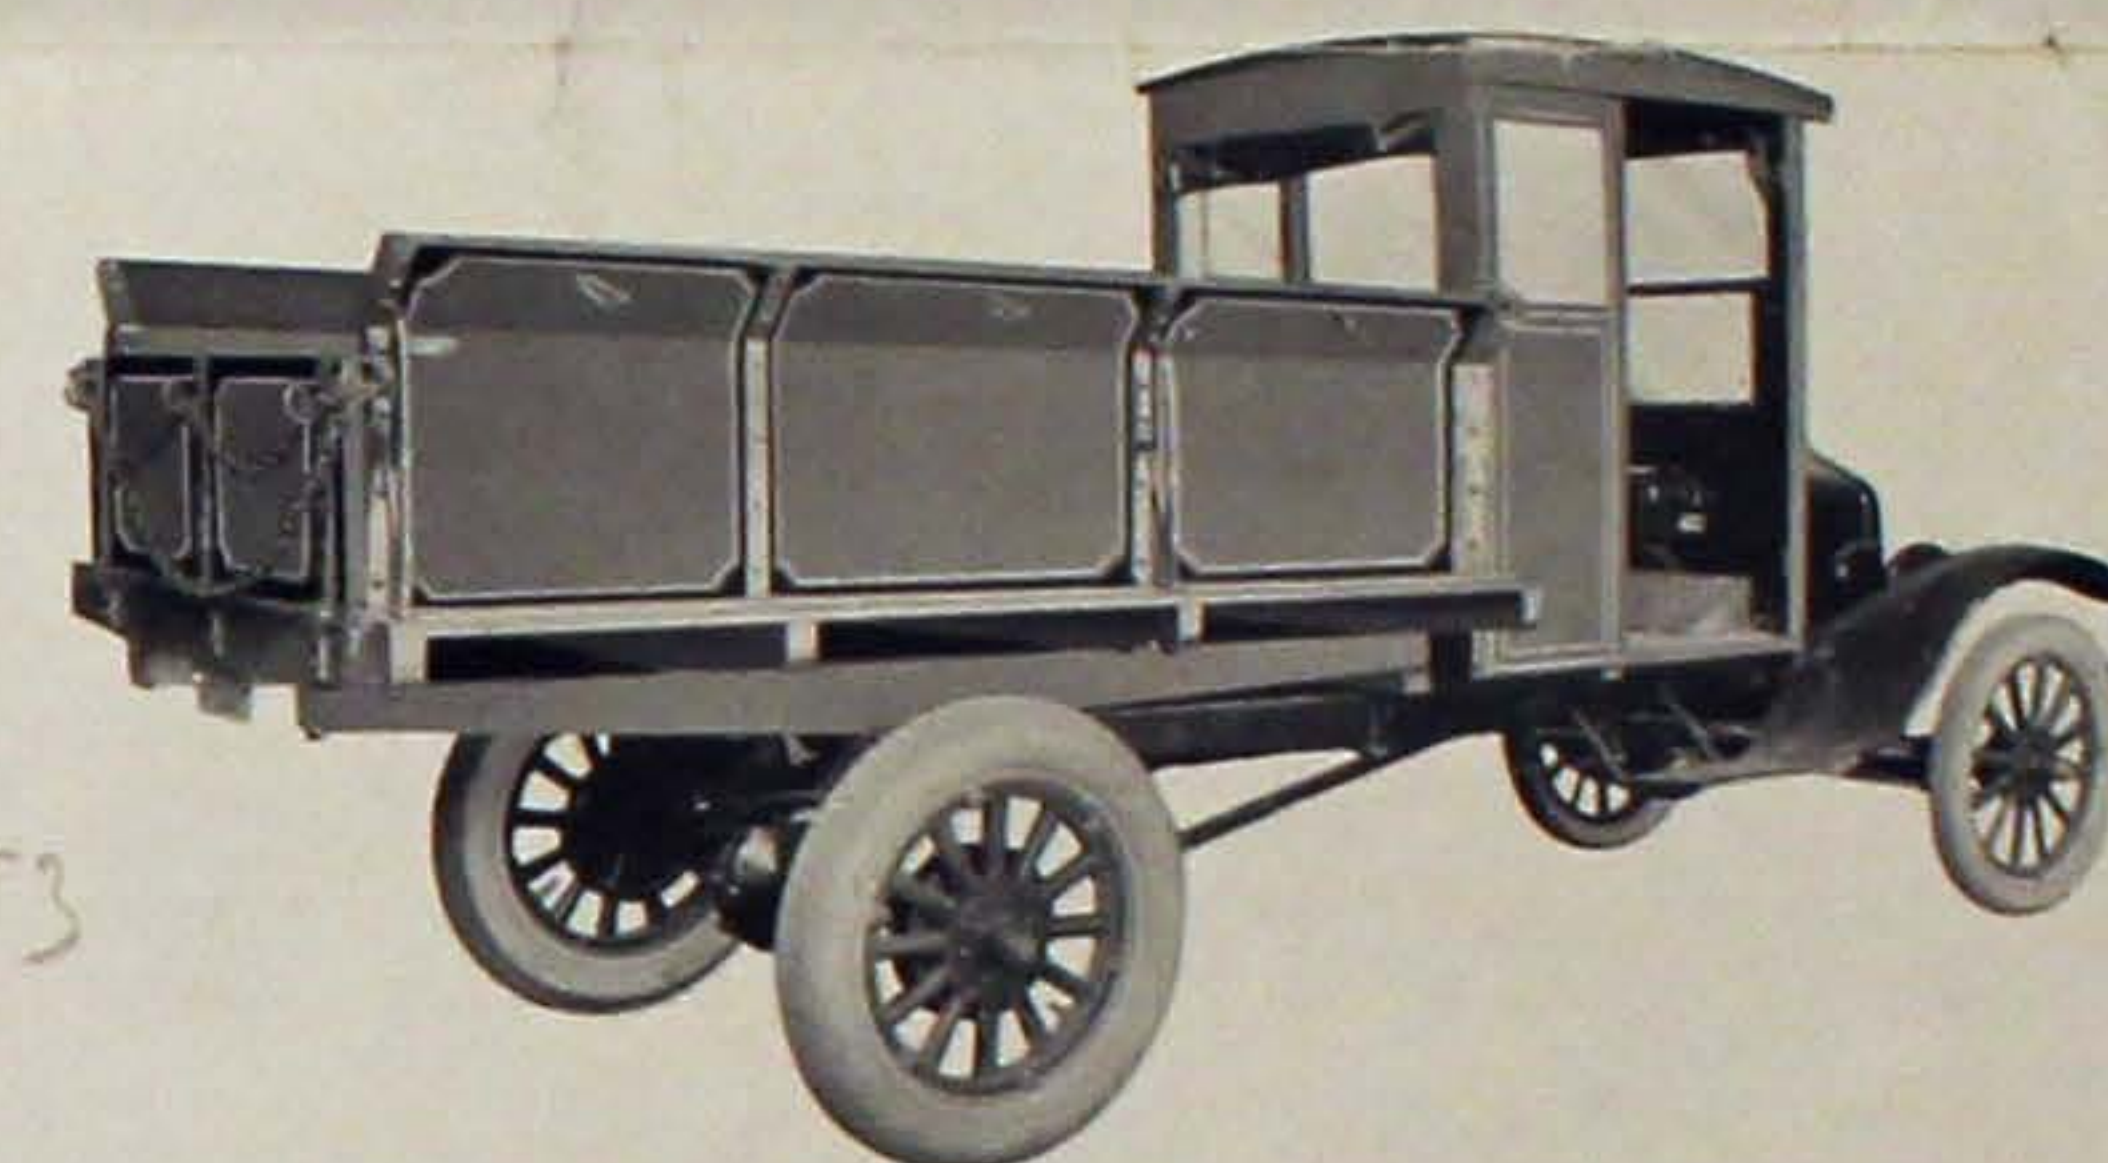

Model 40---Four Slat Stock Rack on No. 10 Body

WITH KNAPHEIDE REAR HOG GATE, Rack is 51 inches deep from floor of this body. Oak and Hickory Cleats. Slats are 4 inches wide. Can furnish Rear Hog Gate without sides and front end as per price list.

They Appeal to Your Customers

Because of their sturdy structure, their mechanical proportions and evidence of the builders intentions to build well. In addition to the specifications shown under the illustrations each job is painted by brush (not dipped) with pure lead and linseed oil paints in a neat and workmanlike manner. Our standard color, mixed in our own plant is an Imperial Green which is not only durable but very pleasing to the eye. They are neatly striped with a black broadline and a white fineline and finished with a high grade varnish.

MODEL 50--Open Express Body with Model 35 Cab

ALL OAK SILLS AND FLOOR, Strongly made of best materials 58 inches wide inside by 94 inches long inside, 12 inch sides and 6 in. flareboards.

MODEL 55 OPEN EXPRESS BODY with all Oak Silks and floor; 46 inches wide inside by 94 inches long inside, 12 in. sides and 6 in. flareboards, Steel Fenders.

MODEL 6035--Canopy Top Express Body, No. 30 Cab

AND WINDSHIELD—46 inches wide inside by 94 inches long inside, 12 in. sides with 6 in. flareboards, Rear Drop Endgate, Curtains, Steel Fenders.

MODEL 6030 same as 6035 except cab has doors.

MODEL 6535 same as 6035 except with 20 in. sides.

MODEL 6530 same as 6035 except cab has doors and 20 in. sides.

KNAPHEIDE BODIES

WILL HELP

SELL YOUR TRUCKS

THERE IS A REASON FOR THESE LASTING QUALITIES, in addition to their mechanical proportions, the quality of materials used and skilled labor. The underlying reason of the true success of Knapheide Bodies is the desire of the entire company of skilled mechanics and officers to produce the best that it is possible to build.

Our entire force of mechanics and officers are just as proud of the Knapheide Bodies they see on the highways as the men who own them.

Insist on your customers purchasing Knapheide Bodies and Cabs and be assured of satisfied truck owners.
